OBJECTIVE

Computer Programming student pursuing a Winter 2024 Co-op position related to computer programming.

SUMMARY OF QUALIFICATIONS

- Database design and programming using SQL Server and MongoDB.
- Strong knowledge on object-oriented programming using Java and Python.
- Solid understanding of front-end programming using HTML, styling with CSS and integrating functionality with JavaScript.
- Also, a growing familiarity with the React.js library and API utilization.
- Detail oriented and team player, driven by a continuous desire to exceed expectations.
- Fluent in both English and Portuguese, with excellent organizational and communication skills.

EDUCATION

Computer Programming, Co-op Stream

Humber College, Etobicoke, ON

Sep 2022 – present

- Highlights: Advanced Front-End Programming, Database Programming, Object-Oriented Programming, Statistical Data Analysis and Operating Systems.
- Overall GPA of 90% - Dean's Honour List

PROFESSIONAL EXPERIENCE

IT Systems Assistant, Co-op

May 2023 – present

Ontario Ministry, Toronto, ON

- As part of the QA team, performed user experience testing on the Social Assistance Management System (SAMS) to make sure all the errors and bugs were fixed.
- Conducted thorough accessibility testing on government's benefits websites, employing NVDA and JAWS screen readers to ensure inclusivity for users with visual impairments.
- Developed deeper understanding of HTML, CSS and JavaScript, required to perform effective accessibility testing.
- Acquired proficiency in AODA testing, contributing to the creation of more accessible digital platforms.

Barista

Nov 2022 – May 2023

Starbucks, Toronto, ON

- Greeted customers, processed their orders, served food and drinks in a friendly manner to ensure a positive customer experience.

Raw Material Planner

March 2022 – July 2022

IFF Essencias e Fragrancias, Brazil

- Handled over 300 raw materials, planned delivery dates according to production demand and performed follow-up with logistics team and suppliers to ensure the materials arrived in time.

Procurement Intern

June 2020 – March 2022

IFF Essencias e Fragrancias, Brazil

- Sourced suppliers, assisted with negotiations, sent purchase orders and planned deliveries.
- Registered new vendors on SAP ERP, making sure all data was accurate.
- Achievements: Reduced lead time for vendor registration on system from 1 month to a week and was responsible for a saving of 15% on personal protective equipment.
